Overview

Welcome to the Draft JORC Code 2024 Survey, where JORC are asking for your feedback on the Draft JORC Code 2024 ('the draft Code').

The JORC Committee has been updating the draft Code after feedback from the 2021 Survey, contribution from key stakeholders, input from JORC Code Review Working Groups and the Joint Competent Person Taskforce.

The draft JORC Code documents are now available, and the JORC Committee is seeking feedback from all stakeholders. The survey allows for responses to be tailored to those elements of the Code with which you have the most interaction, experience and interest and can be completed by both individuals and/or organisation entities. If your organisation submits a response we encourage you to submit an individual response as well.

The draft Code documents are available to download from the survey homepage:

- Draft JORC Code
- Draft JORC Code - Table 1 - Documentation Checklist
- Draft JORC Code - Table 1 - Exploration (Targets and Results)
- Draft JORC Code - Table 1 - Mineral Resources
- Draft JORC Code - Table 1 - Ore Reserves
- Draft JORC Code - Guidance Notes

JORC welcomes all feedback. As much or as little feedback can be given in either a generalised or detailed method, and no Code questions are mandatory.

You can skip any sections you don't wish to comment on.

The time needed to complete the survey will depend on how much feedback you wish to give. The more feedback given to JORC will help inform the final draft of the JORC Code before final release.

Survey Structure

The survey is structured into five parts:

Part 1: Demographics

Part 2: Draft JORC Code

Part 3: Table 1

Part 4: Guidance Notes

Part 5: Closing Comments

Navigating the Survey

The survey is designed in pages. At the end of each page, 'Back' and 'Next' buttons allow you to move forwards and backwards through the survey.

Saving your Responses

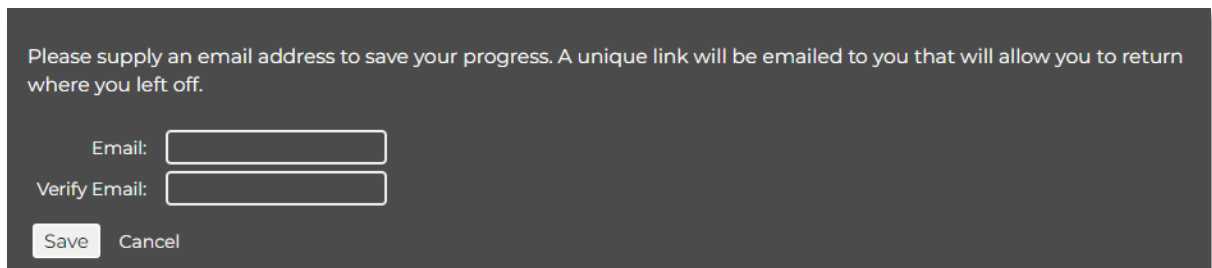

Depending on the level of feedback you wish to give using the online feedback options, we understand you may wish to save and return at a later time.

There is an option shown at the top of the page to save your responses and return later, this will send a link to a nominated email address based on the responses you have populated at that point.

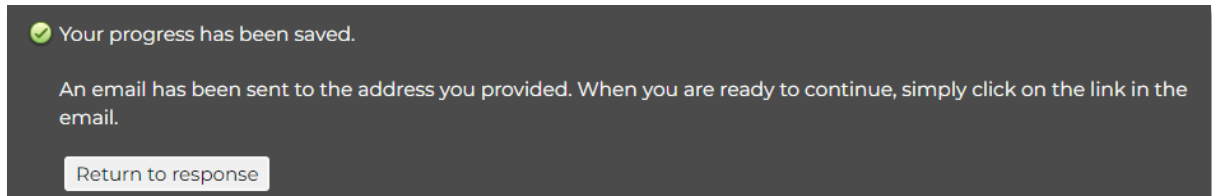

The option is shown on the banner at the top of the page:

This will drop-down an area to enter your email:

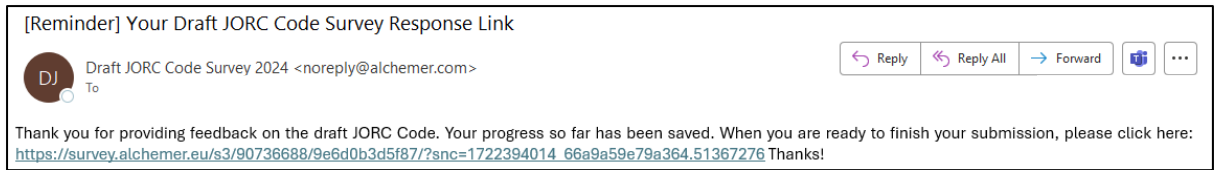

Once you hit the 'Save' button, the following message will appear.

If you add further responses and want to save them, generate a new link after moving to the next page.

The email received will look similar to the below:

Check your spam/junk folders as some organisational spam filters may block these emails from noreply@alchemer.com.

Some providers e.g. Bigpond, may quarantine the link email. If this occurs try an alternative address.

If you add further responses and want to save them, generate a new link after moving to the next page.

If you do not click on the button to send a link to your email account before exiting the survey, your responses may be lost. You can cycle backwards and forwards through the survey without losing your responses.

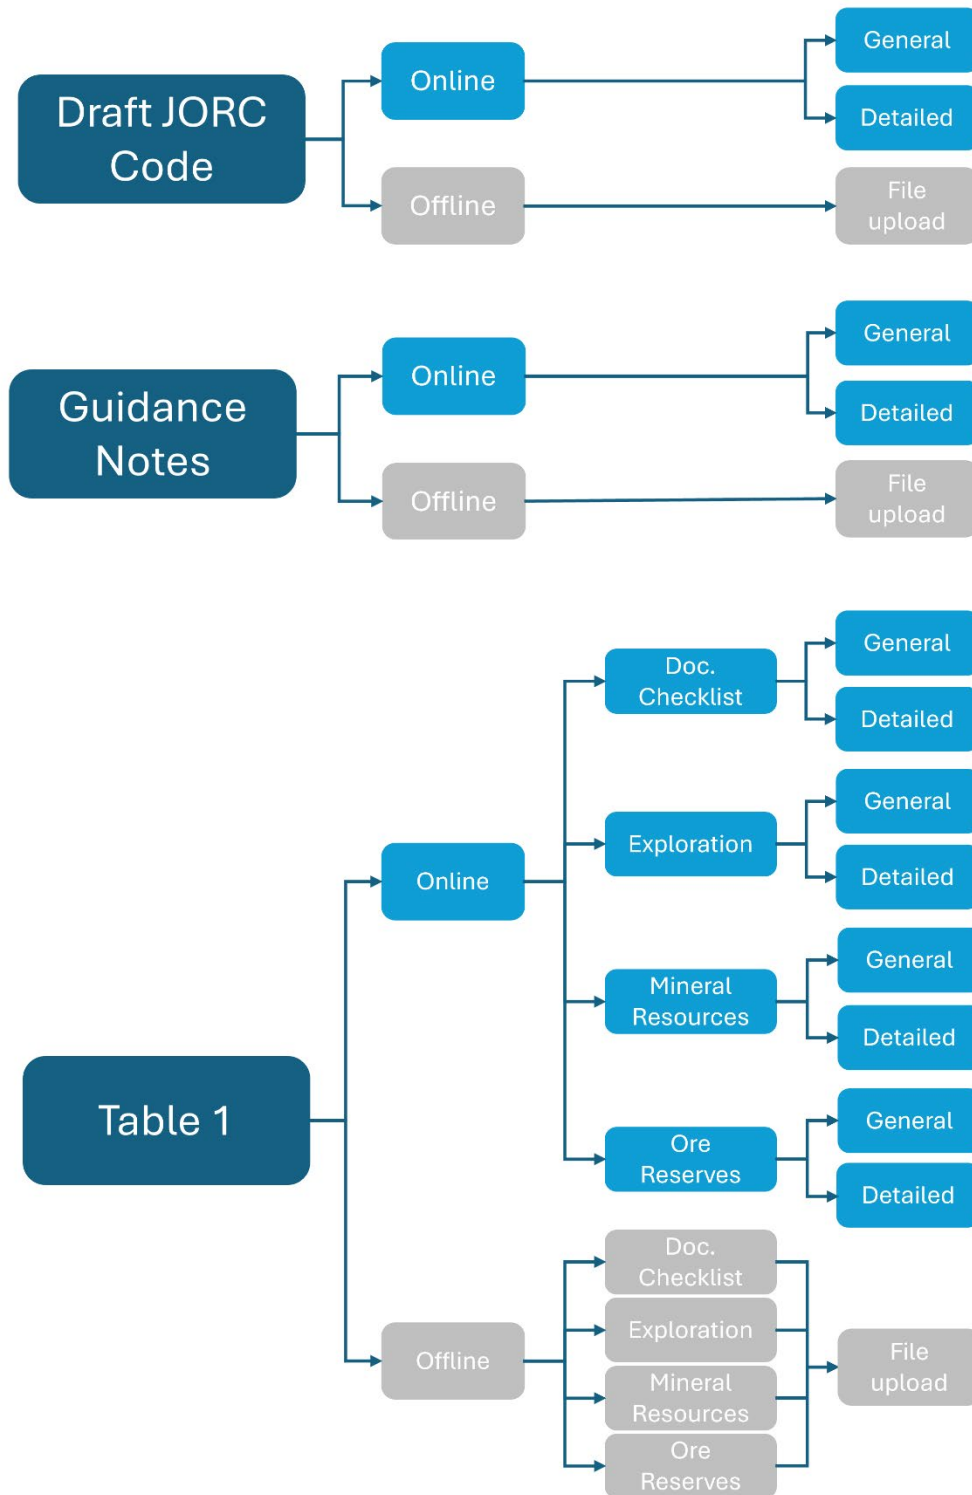

As the survey is anonymous, JORC support will be unable to retrieve responses.

At the end of the survey, there is an option to download your responses as a pdf file.

Options to give Feedback

You can provide feedback online or work offline and upload your feedback through a populated excel spreadsheet. You **do not** have to choose the same option for all 3 documents - you can select your preferred option for each.

The figure below shows the options available for the Draft JORC Code, Table 1 and the Guidance Notes.

Online Feedback

Option 1: General feedback

This will display one general feedback box followed by one feedback box per section of the document.

Option 2: Detailed feedback

This will allow you to select the sections you are interested in - and then display the feedback boxes clause by clause/row by row.

Work Offline

There are editable excel versions of the documents available for download from the survey homepage.

These documents can be worked on in your own time and uploaded to the survey when complete. Only file types of .xls or .xlsx will be accepted, with a file size no larger than 50mb.

Once you are ready to upload the files, navigate back to the survey homepage and begin your response and upload your completed files.

Offline excel downloads:

- Draft JORC Code - feedback
- Table 1 Documentation Checklist - feedback
- Table 1 for Exploration - feedback
- Table 1 for Mineral Resources - feedback
- Table 1 for Ore Reserves - feedback
- Guidance Notes - feedback

Survey Sections

Part One: Demographics

There are a very wide variety of stakeholders who use the JORC Code.

JORC needs demographic information to categorise feedback from stakeholders to understand priorities for stakeholder groups. **It cannot be used to identify individuals.**

We will not be collecting personal details such as name, and contact details such as your email address(es).

If you respond to this survey, your information will be treated in accordance with our [Privacy Statement](#).

There are six demographic questions for individuals, and nine demographic questions for an organisational response.

Most of the questions in this section are either single or multi-select. This section of the survey can only be completed online.

Is this an individual or organisational submission? *

Individual

Organisation

Capacity in which you use the Code (select as many as required) *

AIG

AusIMM

International Society

None

Consultant/Advisor

(Named) Contributor to a Release

Technical Professional

Independent Expert

Resources / Reserves Governor

Investor / Potential Investor

Investment Advisor

Banking and Financing

Your Minerals Industry Experience (select one) *

Less than 5 years

6 to 10 years

11 to 15 years

16 to 20 years

More than 20 years

Primary Background (select one) *

Geoscientist

Mining/Geotechnical/Tailings Engineer

Metallurgist/ Processing Engineer

Environment

Geomatics

Environmental, Social and Governance (ESG) Professional

Company Executive

Company Secretary

Company Director

Company Administration

The demographic questions are all mandatory, and an error message will appear if you do not answer the question:

▲ This question is required

Click the 'Next' button at the bottom of the page to progress to Code feedback.

Part Two: Draft JORC Code

There are three ways to give your feedback. These are the options which will appear on your screen. More details on each option is available on the next few pages.

- **Option 1: General feedback (Online)**

This will display one general feedback box followed by one general feedback box per section of the code.

- **Option 2: Detailed feedback (Online)**

This will allow you to select the sections of the code you are interested in - and then display the feedback boxes clause by clause.

- **Option 3: File Upload (Offline)**

This will allow you to upload an excel file with your own populated comments into the survey.

PART 2: DRAFT JORC CODE

As explained in the introduction, there are multiple ways to give your feedback:

Option 1: General feedback
This will display 1 general feedback box followed by 1 feedback box per section of the code.

Option 2: Detailed feedback
This will allow you to select the sections of the code you are interested in - and then display the feedback boxes clause by clause.

Option 3: File Upload
This will allow you to upload an excel file with your own populated comments into the survey. You can insert comments on a row by row basis.
Only file types of .xls or .xlsx will be accepted, with a file size no larger than 50mb.

The survey allows for responses to be tailored to those elements of the Code with which you have the most interaction, experience and interest.

No Code feedback boxes are mandatory and can be skipped as needed. You can give as much or as little feedback as you like.

Please select by which method you wish to give feedback: *

Option 1: General feedback per section of the Code

Option 2: Detailed feedback per clause of the Code

Option 3: File upload of excel sheet

Draft JORC Code Option 1: General Feedback

This option is only available online.

If you select option 1, the feedback boxes will appear as shown below. This will display one general feedback box followed by one feedback box per section of the Code.

Each general feedback box allows 500 words.

PART 2: DRAFT JORC CODE - GENERAL FEEDBACK

Please give any general feedback on the Draft JORC Code 2024

Words used: 0 out of 500.

Please give any general feedback on Section 1: Introduction

Words used: 0 out of 500.

Fill in feedback boxes as needed, skip any as desired. The word count will show how many words have been typed into the box – the text will turn red once the limit has been reached.

Testing responses to the Draft JORC Code 2024 in this box.

Words used: 609 out of 500.

The 'Next' button will take you to the Table 1 Feedback page.

Draft JORC Code Option 2: Detailed Feedback

This option is only available online.

If you select option 2, a selection page will appear.

PART 2: DRAFT JORC CODE - DETAILED FEEDBACK

Please select which Sections you would like to leave feedback on: *

*The sections you select on this page will determine which clauses appear for you to comment on.
Appendix 1: Table 1 is covered in Part 3 of the survey and will appear after Code sections are complete.*

<input type="checkbox"/> All Sections	<input type="checkbox"/> Section 10: Reconciliation
<input type="checkbox"/> Section 1: Introduction	<input type="checkbox"/> Section 11: Technical Studies
<input type="checkbox"/> Section 2: Scope	<input checked="" type="checkbox"/> Section 12: Reporting of Metal Equivalents
<input checked="" type="checkbox"/> Section 3: Competence and Responsibility	<input type="checkbox"/> Section 13: Reporting of In Situ or In Ground Valuations
<input type="checkbox"/> Section 4: Reporting Terminology	<input type="checkbox"/> Section 14: Reporting of Mineralised Fill, Remnants, Pillars, Low Grade Mineralisation, Stockpiles, Dumps and Tailings
<input type="checkbox"/> Section 5: Risk: Opportunities and Threats	<input type="checkbox"/> Section 15: Commodity Pricing and Economic Assumptions
<input type="checkbox"/> Section 6: Reporting of Exploration Targets	<input type="checkbox"/> Appendix 2: Generic Terms and Equivalents
<input checked="" type="checkbox"/> Section 7: Reporting of Exploration Results	<input type="checkbox"/> Appendix 3: Competent Person and Specialist Consent Forms
<input type="checkbox"/> Section 8: Reporting of Mineral Resources	<input type="checkbox"/> Appendix 4: Compliance Statements
<input type="checkbox"/> Section 9: Reporting of Ore Reserves	<input type="checkbox"/> Appendix 5: List of Abbreviations

You can return to this page by clicking the 'Back' button if you wish to change which sections appear.

Your responses in a section will not be lost if you hit the back button or if you click off the section.

[View Privacy Statement](#)

Back

Next

Using the checkboxes, choose which sections of the Code you wish to leave detailed feedback on.

Select the relevant sections and click on the 'Next' button.

The following screens will cycle through the sections you have selected, showing the clause on the screen with an area to leave feedback. You can return to this page by clicking the 'Back' button if you want to change which sections appear.

All clauses will be shown with the clause text and a feedback box below to enter your comments.

1.1 In this JORC Code edition, Defined Terms are in **bold** text, with Defined Terms considered proper nouns, and as such, have their first letter(s) capitalised.

Words used: 0 out of 300.

Each clause feedback box allows 300 words. The word count will show how many words have been typed into the box – the text will turn red once the limit has been reached.

The image shows a rectangular text input field with a light gray border. Inside the field, the text "Testing survey text here" is displayed in a red font. At the bottom left of the field, a small gray box contains the text "Words used: 304 out of 300." On the right side of the field, there is a vertical scrollbar and a small yellow warning icon with an exclamation mark.

Draft JORC Code Option 3: File Upload

There are editable excel versions of the documents available for download from the survey homepage.

Work Offline

There are editable excel versions of the documents available for download below. These documents can be worked on in your own time and uploaded to the survey when complete. Only file types of .xls or .xlsx will be accepted, with a file size no larger than 50mb.

Once you are ready to upload the files, navigate back to 'launch' the survey below, follow the prompts to answer the demographic questions and then upload your completed files.

Offline excel downloads:

[Draft JORC Code - feedback](#)

The spreadsheet lists the Code content in columns B & C, enter feedback into column D.

ID	Clauses/Code Text	Feedback
1 INTRODUCTION		
Format		
		<i>Enter your feedback in the cells below</i>
1.1	In this JORC Code edition, Defined Terms are in bold text, with Defined Terms considered proper nouns, and as such, have their first letter(s) capitalised.	
1.2	Defined Terms, where referred to in other definitions, are <u>underlined</u> .	
1.3	The JORC Code mandatory elements are identified as numbered clauses in normal typeface.	
1.4	Guidance and further description of the definitions and mandatory clauses are provided in the document 'The JORC Code – Guidance Notes'. The 'JORC Code - Guidance Notes' are not part of the JORC Code and therefore contain optional recommendations. The Guidance Notes are intended to provide readers with direction and assistance to interpret and apply the Mandatory Clauses of the JORC Code in the preparation of the Documentation and the Public Report.	

These documents can be worked on in your own time and uploaded to the survey when complete.

Once you are ready to upload the files, navigate back to the survey through a saved link or <https://www.jorc.org/>

Follow the prompts to answer the demographic questions and select 'Option 3' – File upload.

In the survey, if you have selected Option 3- Detailed Feedback, the following screen will appear:

PART 2: DRAFT JORC CODE - FILE UPLOAD

Use the browse button below to upload the Draft JORC Code - feedback excel file.

If the file upload has been successful, the file will appear with the file name in a grey box as shown in the example below. Click on the red 'X' if you want to delete the file and re-upload another.

Example:

File: Draft_JORC_Code_-_feedback_01Aug2024.xlsxX

Upload the Draft JORC Code 2024 excel sheet here:
Please only upload Draft JORC Code - feedback 01Aug2024.xlsx here, Table 1 and Guidance excel documents can be uploaded later in the survey. Only file types of .xls or .xlsx will be accepted, with a file size no larger than 50mb.

Browse...

Click 'Next' to take you to Part 3: Table 1

[View Privacy Statement](#)

Back

Next

Click on the 'Browse' button which will prompt you to upload the excel file.

The survey will allow uploads of .xls or .xlsx formats only. The maximum size of a file is 50mb.

If the file upload has been successful, the file will appear with the file name in a grey box as shown in the example below.

Click on the red 'X' if you want to delete the file and re-upload another.

If you choose the 'File Upload' option but press 'Next' without loading a file, a warning message will appear. This message is a warning to tell you there is no file uploaded. Upload a file or click 'Back' to select another option.

▲ There was an error on your page. Please correct any required fields and submit again. [Go to the first error](#)

PART 2: DRAFT JORC CODE - FILE UPLOAD

Use the browse button below to upload the Draft JORC Code - feedback excel file.

If the file upload has been successful, the file will appear with the file name in a grey box as shown in the example below. Click on the red 'X' if you want to delete the file and re-upload another.

Example:

File: Draft_JORC_Code_-_feedback_01Aug2024.xlsxX

▲ (Optional) This question is important to the survey. If you meant to leave it blank, just continue. Otherwise please answer it.

Upload the Draft JORC Code 2024 excel sheet here:
Please only upload Draft JORC Code - feedback 01Aug2024.xlsx here, Table 1 and Guidance excel documents can be uploaded later in the survey. Only file types of .xls or .xlsx will be accepted, with a file size no larger than 50mb.

Browse...

Part Three: Table 1

The Table 1 landing page gives you the option of giving feedback on Table 1. Select Yes or No from the dropdown menu.

If you choose not to give feedback by selecting 'No' the next button will take you to Part 4 of the survey.

If you select 'Yes', there are a few different ways to give your feedback. These are the options which will appear on your screen. More details on each option is available on the next few pages.

PART 3: DRAFT JORC CODE - TABLE 1

Would you like to give feedback on Table 1? *

Yes ▾

How would you like to provide feedback:

Online

This will allow you to select which Table 1(s) you would like to give feedback on:
(e.g. Table 1 Documentation Checklist, Table 1 for Exploration, Table 1 for Mineral Resources, Table 1 for Ore Reserves).
You can then choose from general feedback or detailed feedback.

File Upload

This will allow you to upload an excel file(s) provided at the start of the survey, populated with your own comments.
Only file types of .xls or .xlsx will be accepted, with a file size no larger than 50mb.

How would you like to give feedback? *

Option 1: Online Feedback

Option 2: File upload of excel sheet

You can return to this page by clicking the 'Back' button if you wish to change your method of feedback.

Click 'Next' to take you to Table 1 Feedback

- **Option 1: Online**

This will allow you to select which Table 1(s) you would like to give feedback on. You can then choose from general or detailed feedback

- **Option 2: File Upload**

This will allow you to upload an excel file provided at the start of the survey.

Table 1 Option 1: Online

How would you like to give feedback? *

Option 1: Online Feedback

Option 2: File upload of excel sheet

Which Table 1 would you like to give feedback on? *

This selection will determine which Table 1 feedback boxes will appear in the next sections of the survey. You can select more than one option.

Table 1 Documentation Checklist

Table 1 for Exploration

Table 1 for Mineral Resources

Table 1 for Ore Reserves

If you select the online version, you will then be asked which version(s) of Table 1 you want to give feedback for.

If you wish to comment on the differences between the content in Exploration vs Mineral Resources vs Ore Reserves, it is recommended you choose Documentation Checklist which will display the text on one screen.

For each table you select, you will be asked to choose between 'General' or 'detailed' feedback.

Which Table 1 would you like to give feedback on? *

This selection will determine which Table 1 feedback boxes will appear in the next sections of the survey. You can select more than one option.

Table 1 Documentation Checklist

Table 1 for Exploration

Table 1 for Mineral Resources

Table 1 for Ore Reserves

How would you like to give feedback for Table 1 for Exploration? *

Option 1: General Feedback per Section of Table 1

Option 2: Detailed Feedback per row of Table 1

Table 1 General Feedback: Exploration, Mineral Resources and Ore Reserves

This option is only available online.

If you select option 1, the feedback boxes will appear as shown below. This will display 1 general feedback box followed by 1 feedback box per section of the Code.

Each general feedback box allows 500 words.

PART 3: TABLE 1
TABLE 1 FOR EXPLORATION - GENERAL FEEDBACK

Please give any general feedback on Table 1 for Exploration

Words used: 0 out of 500.

Fill in feedback boxes as needed, skip any as desired. The word count will show how many words have been typed into the box – the text will turn red once the limit has been reached.

Testing responses to the Draft JORC Code 2024 in this box.

Words used: 609 out of 500.

The 'Next' button will take you to Part 4.

Table 1 Detailed Feedback: Exploration, Mineral Resources and Ore Reserves

This option is only available online.

If you select option 2, a selection page will appear.

PART 3: TABLE 1
TABLE 1 FOR EXPLORATION - DETAILED FEEDBACK

Please select which Sections of Table 1 for Exploration you would like to leave feedback on: *

The sections you select on this page will determine which clauses appear for you to comment on.

<input type="checkbox"/> All Sections	<input type="checkbox"/> Section 5: Modifying Factors
<input type="checkbox"/> Context and Documentation Inclusions	<input type="checkbox"/> Section 6: Classification and Reporting of Exploration Targets, Exploration Results and Mineral Resources and Ore Reserves
<input type="checkbox"/> Section 1: Project Outline	<input type="checkbox"/> Section 7: Audits and Reviews
<input type="checkbox"/> Section 2: Geological Setting, Deposit, Mineralisation	<input type="checkbox"/> Section 8: Other Relevant Information
<input type="checkbox"/> Section 3: Exploration and Drilling, Sampling Techniques and Data	<input type="checkbox"/> Section 9: Risks (Opportunities and Threats)
<input type="checkbox"/> Section 4: Geological Modelling, Interpretation and Estimation	<input type="checkbox"/> Section 10: Competent Person(s)

You can return to this page by clicking the 'Back' button if you wish to change which sections appear.

Click the 'Next' button below to move to the next section of the survey.

Using the checkboxes, choose which sections of Table 1 you wish to leave detailed feedback on.

Select the relevant sections and click on the 'Next' button.

The following screens will cycle through the sections you have selected, showing the clause on the screen with an area to leave feedback. You can return to this page by clicking the 'Back' button if you want to change which sections appear.

PART 3: TABLE 1 FOR EXPLORATION - DETAILED FEEDBACK
SECTION 1: PROJECT OUTLINE

Each row of Table 1 will be shown with the text and a feedback box below to enter your comments.

1.1 LOCATION

1.1.1 Description of location and map (country, province, and closest town/city, coordinate systems and ranges, etc.).

Words used: 0 out of 300.

Each clause feedback box allows 300 words. The word count will show how many words have been typed into the box – the text will turn red once the limit has been reached.

Table 1 General Feedback: Documentation Checklist

This option is only available online.

If you select option 1, the feedback boxes will appear as shown below. This will display 1 general feedback box followed by 1 feedback box per section of the Code.

Each general feedback box allows 500 words.

PART 3: TABLE 1
TABLE 1 DOCUMENTATION CHECKLIST - GENERAL FEEDBACK

A feedback box will be shown for each section to enter your comments.

Please give any general feedback on Table 1 Documentation Checklist

Words used: 0 out of 500.

Please give any general feedback on Section 1: Project Outline

Words used: 0 out of 500.

Please give any general feedback on Section 2: Geological Setting, Deposit, Mineralisation

Words used: 0 out of 500.

Fill in feedback boxes as needed, skip any as desired. The word count will show how many words have been typed into the box – the text will turn red once the limit has been reached.

Testing responses to the Draft JORC Code 2024 in this box.

Words used: 609 out of 500.

The 'Next' button will take you to Part 4.

Table1 Detailed Feedback: Documentation Checklist

This option is only available online.

If you select option 2, a selection page will appear.

PART 3: TABLE 1
TABLE 1 DOCUMENTATION CHECKLIST - DETAILED FEEDBACK

Please select which Sections of Table 1 Documentation Checklist you would like to leave feedback on: *

The sections you select on this page will determine which clauses appear for you to comment on.

<input type="checkbox"/> All Sections	<input type="checkbox"/> Section 5: Modifying Factors
<input type="checkbox"/> Context and Documentation Inclusions	<input type="checkbox"/> Section 6: Classification and Reporting of Exploration Targets, Exploration Results and Mineral Resources and Ore Reserves
<input checked="" type="checkbox"/> Section 1: Project Outline	<input type="checkbox"/> Section 7: Audits and Reviews
<input type="checkbox"/> Section 2: Geological Setting, Deposit, Mineralisation	<input type="checkbox"/> Section 8: Other Relevant Information
<input type="checkbox"/> Section 3: Exploration and Drilling, Sampling Techniques and Data	<input type="checkbox"/> Section 9: Risks (Opportunities and Threats)
<input type="checkbox"/> Section 4: Geological Modelling, Interpretation and Estimation	<input type="checkbox"/> Section 10: Competent Person(s)

You can return to this page by clicking the 'Back' button if you wish to change which sections appear.

Click the 'Next' button below to move to the next section of the survey.

Using the checkboxes, choose which sections of Table 1 you wish to leave detailed feedback on.

Select the relevant sections and click on the 'Next' button.

The following screens will cycle through the sections you have selected, showing the clause on the screen with an area to leave feedback. You can return to this page by clicking the 'Back' button if you want to change which sections appear.

The text will appear on the screen, showing all three levels: Exploration, Mineral Resources and Ore Reserves, with a feedback box below.

PART 3: TABLE 1 DOCUMENTATION CHECKLIST - DETAILED FEEDBACK
SECTION 1: PROJECT OUTLINE

Each row of Table 1 will be shown with the text and a feedback box below to enter your comments.

1.1 LOCATION

1.1.1

	Exploration Targets Exploration Results	Mineral Resources	Ore Reserves
1.1.1	Description of location and map (country, province, and closest town/city, coordinate systems and ranges, etc.).		

Words used: 0 out of 300.

1.1.3

	Exploration Targets Exploration Results	Mineral Resources	Ore Reserves
1.1.3	A general topographic-cadastral map.	Topographic-cadastral map in sufficient detail to support the assessment of the Mineral Resource.	Detailed topographic-cadastral map, with applicable aerial surveys checked with ground controls and surveys, particularly in areas of rugged terrain, dense vegetation or high altitude.

Words used: 0 out of 300.

Each clause feedback box allows 300 words. The word count will show how many words have been typed into the box – the text will turn red once the limit has been reached.

Table 1 - Option 2: File Upload

There are editable excel versions of the documents available for download from the survey homepage.

Work Offline

There are editable excel versions of the documents available for download below. These documents can be worked on in your own time and uploaded to the survey when complete. Only file types of .xls or .xlsx will be accepted, with a file size no larger than 50mb.

Once you are ready to upload the files, navigate back to 'launch' the survey below, follow the prompts to answer the demographic questions and then upload your completed files.

Offline excel downloads:

[Draft JORC Code - feedback](#)

[Table 1 Documentation Checklist - feedback](#)

[Table 1 for Exploration - feedback](#)

[Table 1 for Mineral Resources - feedback](#)

[Table 1 for Ore Reserves - feedback](#)

[Guidance Notes - feedback](#)

The spreadsheet lists the Table 1 content followed by an area to enter feedback into column D.

Table 1 Documentation Checklist will show all 3 columns for Exploration, Mineral Resources and Ore Reserves:

	Exploration Targets Exploration Results	Mineral Resources	Ore Reserves	
Section 1: Project Outline				<i>Enter your feedback in the cells below</i>
1.1 Location	1.1.1	Description of location and map (country, province, and closest town/city, coordinate systems and ranges, etc.).		
	1.1.2	Country Profile, with a description of information relating to the project host country that is pertinent to the project, including relevant applicable legislation, environmental and social context etc. A statement of known associated climatic risks An assessment, at a high level, of relevant technical, environmental, social, economic, political and other key risks.		
	1.1.3	A general topographic-cadastral map.	Topographic-cadastral map in sufficient detail to support the assessment of the Mineral Resource.	Detailed topographic-cadastral map, with applicable aerial surveys checked with ground controls and surveys, particularly in areas of rugged terrain, dense vegetation or high altitude.

The individual “Exploration, Mineral Resources or Ore Reserves’ documents will show the one column of text:

	Exploration Targets Exploration Results	
Section 1: Project Outline	<i>Enter your feedback in the cells below</i>	
1.1 Location	1.1.1	Description of location and map (country, province, and closest town/city, coordinate systems and ranges, etc.).
	1.1.2	Country Profile, with a description of information relating to the project host country that is pertinent to the project, including relevant applicable legislation, environmental and social context etc. A statement of known associated climatic risks An assessment, at a high level, of relevant technical, environmental, social, economic, political and other key risks.
	1.1.3	A general topo-cadastral map.

These documents can be worked on in your own time and uploaded to the survey when complete.

Once you are ready to upload the files, navigate back to the survey through a saved link or <https://www.jorc.org/>

Follow the prompts to answer the demographic questions and for Table 1 select 'Option 3' – File upload.

PART 3: DRAFT JORC CODE - TABLE 1

Would you like to give feedback on Table 1? *

How would you like to provide feedback:

Online

This will allow you to select which Table 1(s) you would like to give feedback on:
(e.g. Table 1 Documentation Checklist, Table 1 for Exploration, Table 1 for Mineral Resources, Table 1 for Ore Reserves).
You can then choose from general feedback or detailed feedback.

File Upload

This will allow you to upload an excel file(s) provided at the start of the survey, populated with your own comments.
Only file types of .xls or .xlsx will be accepted, with a file size no larger than 50mb.

How would you like to give feedback? *

Option 1: Online Feedback

Option 2: File upload of excel sheet

A screen will appear with areas to upload each of the Table 1 files:

PART 3: DRAFT JORC CODE 2024 - TABLE 1 - FILE UPLOAD

Use the relevant upload boxes below to upload each of the Table 1 excel files. Please make sure to upload the right file in the correct section to ensure your feedback gets captured for the correct area.

If the file upload has been successful, the file will appear with the file name in a grey box as shown in the example below. Click on the red 'X' if you want to delete the file and re-upload another.

Example:

Upload the **Draft JORC Code - Table 1 Documentation Checklist** excel sheet here:

*Please only upload **Table 1 Documentation Checklist** excel file here, additional Table 1 excel documents can be uploaded in the other sections on this page.
Only file types of .xls or .xlsx will be accepted, with a file size no larger than 50mb.*

Upload the **Draft JORC Code - Table 1 for Exploration** excel sheet here:

*Please only upload **Table 1 for Exploration** excel file here, additional Table 1 excel documents can be uploaded in the other sections on this page.
Only file types of .xls or .xlsx will be accepted, with a file size no larger than 50mb.*

Upload the **Draft JORC Code - Table 1 for Mineral Resources** excel sheet here:

*Please only upload **Table 1 for Mineral Resources** excel file here, additional Table 1 excel documents can be uploaded in the other sections on this page.
Only file types of .xls or .xlsx will be accepted, with a file size no larger than 50mb.*

Upload the **Draft JORC Code - Table 1 for Ore Reserves** excel sheet here:

*Please only upload **Table 1 for Ore Reserves** excel file here, additional Table 1 excel documents can be uploaded in the other sections on this page.
Only file types of .xls or .xlsx will be accepted, with a file size no larger than 50mb.*

Click on the 'Browse' button which will prompt you to upload the excel file. Select the correct Table 1 file for each area.

The survey will allow uploads of .xls or .xlsx formats only.

The maximum size of a file is 50mb.

If the file upload has been successful, the file will appear with the file name in a grey box as shown in the example below.

Click on the red 'X' if you want to delete the file and re-upload another.

Part Four: Guidance Notes

There are three ways to give your feedback. These are the options which will appear on your screen. More details on each option is available on the next few pages.

- **Option 1: General feedback**

This will display one general feedback box followed by one general feedback box per section of the guidance.

- **Option 2: Detailed feedback**

This will allow you to select the sections of the guidance you are interested in - and then display the feedback boxes heading by heading

- **Option 3: File Upload**

This will allow you to upload an excel file with your own populated comments into the survey.

PART 4: DRAFT JORC CODE – GUIDANCE NOTES

Would you like to give feedback on the Guidance Notes? *

As explained in the introduction, there are multiple ways to give your feedback:

Option 1: General feedback
This will display 1 general feedback box followed by 1 feedback box per section of the document.

Option 2: Detailed feedback
This will allow you to select the sections of the document you are interested in - and then display the feedback boxes for each heading.

Option 3: File Upload
This will allow you to upload an excel file with your own populated comments into the survey. You can insert comments on a row by row basis.
Only file types of .xls or .xlsx will be accepted, with a file size no larger than 50mb.

No feedback boxes are mandatory and can be skipped as needed. You can give as much or as little feedback as you like.

For the Guidance Notes please select in which method you wish to give feedback: *

Option 1: General feedback per section of the document

Option 2: Detailed feedback per question/heading

Option 3: File upload of excel sheet

Guidance Notes Option 1: General Feedback

This option is only available online.

If you select option one, the feedback boxes will appear as shown below. This will display one general feedback box followed by one feedback box per section of the Guidance Notes.

Each general feedback box allows 500 words.

PART 4: DRAFT JORC CODE - GUIDANCE NOTES - GENERAL FEEDBACK

Please give any general feedback on Section 1: Introduction

Words used: 0 out of 500.

Please give any general feedback on Section 2: Public Reporting Obligations

Words used: 0 out of 500.

Fill in feedback boxes as needed, skip any as desired. The word count will show how many words have been typed into the box – the text will turn red once the limit has been reached.

Testing responses to the Draft JORC Code 2024 in this box.

Words used: 609 out of 500.

The 'Next' button will take you to the Closing page.

Guidance Notes Option 2: Detailed Feedback

This option is only available online.

If you select option 2, a selection page will appear.

PART 4: DRAFT JORC CODE - GUIDANCE NOTES - DETAILED FEEDBACK

Please select which sections of the guidance notes you would like to leave feedback on: *

The sections you select on this page will determine which text will appear for you to comment on.

<input type="checkbox"/> All Sections	<input type="checkbox"/> Section 10: Reconciliation
<input type="checkbox"/> Section 1: Introduction	<input type="checkbox"/> Section 11: Technical Studies
<input type="checkbox"/> Section 2: Public Reporting Obligations	<input type="checkbox"/> Section 12: Reporting of Metal Equivalents
<input type="checkbox"/> Section 3: Competence and Responsibility	<input type="checkbox"/> Section 13: Reporting of In Situ or In Ground Valuations
<input type="checkbox"/> Section 4: Reporting Terminology	<input type="checkbox"/> Section 14: Reporting of Mineralised Fill, Remnants, Pillars, Low-Grade Mineralisation, Stockpiles, Dumps and Tailings
<input type="checkbox"/> Section 5: Risk: Opportunities and Threats	<input type="checkbox"/> Section 15: Commodity Pricing and Economic Assumptions
<input type="checkbox"/> Section 6: Reporting of Exploration Targets	<input type="checkbox"/> Section 16: Commodity Specific Considerations
<input type="checkbox"/> Section 7: Reporting of Exploration Results	<input type="checkbox"/> Appendix 1: ESG Guidance Matrix
<input type="checkbox"/> Section 8: Reporting of Mineral Resources	<input type="checkbox"/> Appendix 2: Technical Study Guidelines
<input type="checkbox"/> Section 9: Reporting of Ore Reserves	

You can return to this page by clicking the 'Back' button if you wish to change which sections appear.

Your responses in a section will not be lost if you hit the back button or if you click off the section.

Using the checkboxes, choose which sections of the Guidance Notes you wish to leave detailed feedback on.

Select the relevant sections and click on the 'Next' button.

The following screens will cycle through the sections you have selected, showing the clause on the screen with an area to leave feedback. You can return to this page by clicking the 'Back' button if you want to change which sections appear.

All guidance text will be shown with the text and a feedback box below to enter your comments.

WHAT IS THE BASIS FOR A PUBLIC REPORT?

Public Reports dealing with exploration and mining must be based on Documentation prepared by a Competent Person. Competent Person Documentation or 'Documentation' refers to internal company documents prepared as a basis for, or to support, a Public Report. (Refer to Clause 2.5)

Feedback for 'What is the Basis for a Public Report?':

Words used: 0 out of 300.

Each feedback box allows 300 words. The word count will show how many words have been typed into the box – the text will turn red once the limit has been reached.

The image shows a screenshot of a feedback box. The text "Testing survey text here" is displayed in red. At the bottom left of the box, it says "Words used: 304 out of 300." On the right side, there is a vertical scrollbar and a yellow warning icon.

Guidance Notes Option 3: File Upload

There are editable excel versions of the documents available for download from the survey homepage.

Work Offline

There are editable excel versions of the documents available for download below. These documents can be worked on in your own time and uploaded to the survey when complete. Only file types of .xls or .xlsx will be accepted, with a file size no larger than 50mb.

Once you are ready to upload the files, navigate back to 'launch' the survey below, follow the prompts to answer the demographic questions and then upload your completed files.

Offline excel downloads:

[Table 1 Documentation Checklist - feedback](#)

[Table 1 for Exploration - feedback](#)

[Table 1 for Mineral Resources - feedback](#)

[Table 1 for Ore Reserves - feedback](#)

[Guidance Notes - feedback](#)

The spreadsheet lists the Code content in columns B & C, enter feedback into column D.

Questions	Feedback
Are there any areas within the Guidance that would benefit from additional specialised guidance?	
SECTION 1 - INTRODUCTION	<i>Enter your feedback in the cells below</i>
Feedback for Section 1 Introduction:	
Feedback for 'Citations in other Codes':	

These documents can be worked on in your own time and uploaded to the survey when complete.

Once you are ready to upload the files, navigate back to the survey through a saved link or <https://www.jorc.org/>

Follow the prompts to answer the demographic questions and select 'Option 3' – File upload.

For the Guidance Notes please select in which method you wish to give feedback: *

- Option 1: General feedback per section of the document
- Option 2: Detailed feedback per question/heading
- Option 3: File upload of excel sheet

In the survey, if you have selected Option 3- Detailed Feedback, the following screen will appear:

PART 4: DRAFT JORC CODE 2024 - GUIDANCE NOTES - FILE UPLOAD

Use the relevant box below to upload the Guidance Note excel files.

If the file upload has been successful, the file will appear with the file name in a grey box as shown in the example below. Click on the red 'X' if you want to delete the file and re-upload another.

Example:

File: Guidance_Notes_-_feedback_-_01Aug2024.xlsxX

Upload the **Draft JORC Code - Guidance Notes** excel sheet here:

*Please only upload **Guidance Notes** excel file here.
Only file types of .xls or .xlsx will be accepted, with a file size no larger than 50mb.*

Back

Next

Click on the 'Browse' button which will prompt you to upload the excel file.

The survey will allow uploads of .xls or .xlsx formats only.

The maximum size of a file is 50mb.

If the file upload has been successful, the file will appear with the file name in a grey box as shown in the example below.

Click on the red 'X' if you want to delete the file and re-upload another.

File: Guidance_Notes_-_feedback_-_01Aug2024.xlsxX

If you choose the 'File Upload' option but press 'Next' without loading a file, a warning message will appear:

 There was an error on your page. Please correct any required fields and submit again. [Go to the first error](#)

PART 4: DRAFT JORC CODE 2024 - GUIDANCE NOTES - FILE UPLOAD

Use the relevant box below to upload the Guidance Note excel files.

If the file upload has been successful, the file will appear with the file name in a grey box as shown in the example below. Click on the red 'X' if you want to delete the file and re-upload another.

Example:

File: Guidance_Notes_-_feedback_-_01Aug2024.xlsx 

 (Optional) This question is important to the survey. If you meant to leave it blank, just continue. Otherwise please answer it.

Upload the **Draft JORC Code - Guidance Notes** excel sheet here:

*Please only upload **Guidance Notes** excel file here.
Only file types of .xls or .xlsx will be accepted, with a file size no larger than 50mb.*

[Browse...](#)

This message is a warning to tell you there is no file uploaded. Upload a file or click 'Back' to select another option.

Part Five: Closing

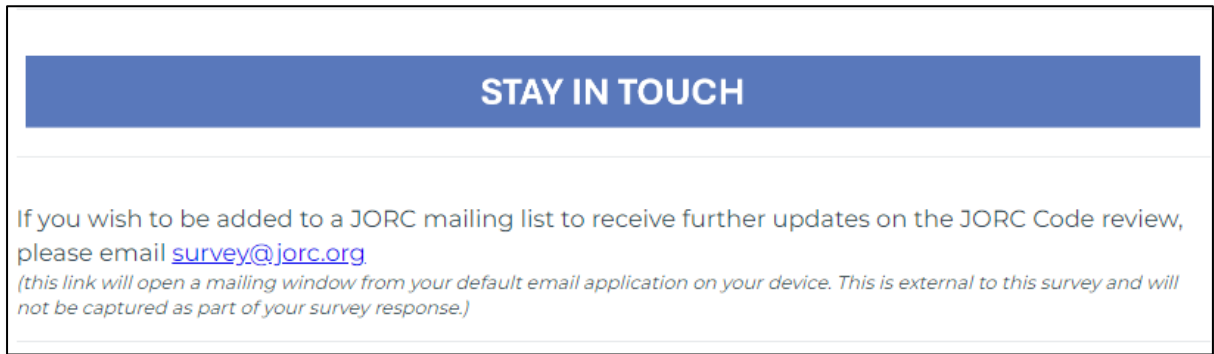

The closing page allows a final general feedback box.

At the end of the survey, there is an option to review your responses and download your responses as a pdf file if desired.

Complete the reCAPTCHA and then you can submit your responses.

JORC Mailing List

After submitting your responses, you will see a closing page.

There will be details on how to add your email to a mailing list. The link on the page will open an email window from your default email application on your device

This is external to the survey, and emails are not captured as part of your survey response.

Low Vision Mode

The survey platform has an option available to turn on 'Low Vision Mode'. This mode will simplify the screen and change the following features:

- Increase contrast ratios
- Increase font sizes
- Increase font weights (e.g. question text becomes bold)

This setting can be toggled on/off by using the button in the toolbar at the top of the page on the right hand side.

This mode will override style settings in questions such as bold and underlining but retain the colour.

In the toolbar, click where it says 'Low Vision Mode':

This will turn on the low vision mode and change the screen display. It will show a 'tick' in the toolbar.

1.1 In this edition of the JORC Code, definitions are provided as numbered clauses in bold typeface. All defined terms are as per proper nouns and Capitalised.

Words used: **0** out of 300.

To turn off, click the same button again to return to original formatting.
